### ABOUT THE CONFERENCE

This annual endocrine symposium was established in 1975 by the founder of MSU’s Endocrinology Division, David Rovner, MD. After a 9-year hiatus, the faculty of the MSU Division of Endocrinology have decided to resume the symposium and, in recognition of Doctor Rovner’s immense contributions, the symposium will be known from this year onward as the Annual David Rovner Endocrine Symposium (ADRES).

The 2017 symposium is being held as a scientific activity during the ceremonies of the 50th Anniversary of the Department of Medicine. The theme is Sharing State of the Art Endocrine Expertise and will include both updates and advances in important endocrine topics. Physicians, fellows and residents, medical students, faculty and other health care professionals are all invited to attend.

### CONFERENCE OBJECTIVES

At the end of this activity, attendees should be able to:

- Discuss the major advances in endocrine topics.
- Discuss immediate and long-term metabolic effects in patients with diabetes.
- Provide patient care based on current guidelines.

### REGISTRATION INFORMATION

Visit [https://goo.gl/UM69xD](https://goo.gl/UM69xD) to register securely online

- **Physicians** .................. $75.00
- **Faculty** ........................ $75.00
- **Other Health Care Professionals** ........... $75.00
- **Fellows** ........................ No Charge
- **Residents and Medical Students** ........... No Charge
