March 2018

Re: Raymond H. Murray Endowment Fund

Dear Colleagues and Friends:

Dr. Raymond H. Murray, MD, MACP served as Chairman of the Department of Medicine at Michigan State University’s College of Human Medicine beginning in 1977. He served with distinction until his retirement from the Chairmanship in 1989. He remained active in the faculty and directed many important activities. A distinguished scholar, he authored more than 65 publications.

Dr. Murray served as Governor of the Michigan Chapter of the American College of Physicians (ACP) from 1994 to 1998. In 2000, he was named a Master of the ACP and in 2005 received the Lifetime Achievement Award from the Michigan Chapter of the ACP. Dr. Murray was a gracious and cultured man, a good friend, a valued counselor and a dedicated mentor.

In keeping with his commitment, we are honored to celebrate his life and legacy through the presentation of the Raymond H. Murray, MD, MACP Memorial Grand Round.

Dr. Fadi E. Shamoun, MD is this year’s guest speaker and will present “The Evolving Therapy for Venous Thromboembolic Diseases”, Tuesday April 4, 2018 at the Sparrow Hospital Auditorium at Noon. Dr. Shamoun completed a Cardiovascular Fellowship at Michigan State University.

Our ability to bring speakers of Dr. Shamoun’s prominence to our college is due to the support provided by the Raymond H. Murray, MD Endowment Fund. This endowment is made possible through the generosity of students, faculty, alumni and friends who share Dr. Murray’s belief in research excellence and continuing education.

I invite you to join me expanding the impact of the Department of Medicine through the support of the Raymond H. Murray, MD, Endowment Fund.

Please make checks payable to Michigan State University with Raymond H. Murray Endowment Fund on the memo line. Or give online: http://medicine.chm.msu.edu/about-us/Giving%20Opps.htm.

Thank you for partnership.

Sincerely,

Francesca Dwamena, MD, MS, FACP, FAACH
Professor and Chair
We thank the Raymond H. Murray, M.D., M.A.C.P. Endowment Fund for supporting this Memorial Grand Round Lecture.
Raymond H. Murray, M.D., M.A.C.P. was an inspiring and talented physician who graduated from Harvard Medical School in 1948 after serving in the Navy Medical Corp during World War II. A specialist in Cardiology, Dr. Murray worked in private practice in Grand Rapids, Michigan before moving to the Indiana University School of Medicine. There he rose to become a tenured Professor, Chair of Community Health Sciences, and Director of the Krannert Institute for Cardiology.

In 1977, he moved back to Michigan to serve as Chairman of the Department of Medicine at Michigan State University’s College of Human Medicine. He served with distinction until his retirement from the Chairmanship in 1989. He remained active in the faculty and directed many important activities. A distinguished scholar, he authored more than 65 publications.

Dr. Murray served as Governor of the Michigan Chapter of the American College of Physicians (ACP) from 1994 to 1998. In 2000, he was named a Master of the ACP and in 2005 received the Lifetime Achievement Award from the Michigan Chapter of the ACP. Dr. Murray was a gracious and cultured man, a good friend, a valued counselor and a dedicated mentor.

Dr. Fadi E. Shamoun is an Assistant Professor of Medicine in the Mayo Clinic College of Medicine. He joined Mayo in 2010 and has been a Consultant in the Division of Cardiovascular Diseases since 2014.

Dr. Shamoun received his MD from Damascus University Faculty of Medicine in Syria. He completed an Internal Medicine Residency at the Providence Hospital/Wayne State University; a Vascular Medicine Fellowship at Cleveland Clinic Foundation; and a Cardiovascular Fellowship at Michigan State University.

Dr. Shamoun is on staff at the Mayo Graduate School of Medicine and the Mayo Clinic College of Medicine. He is currently the Medical Director of the Anticoagulation Clinic, the Director of Cardiovascular Grand Rounds in the Department of Cardiovascular Diseases and the director of pharmacogenomics service line at the Center for individualized medicine at Mayo Clinic in Arizona. He received the Educator of the Year Award in Research at Mayo in 2014.

Dr. Shamoun is a Fellow in the Society of Vascular Medicine and the American College of Cardiology and a member of the vascular board at the American Society of Echo. He serves as a reviewer for many cardiovascular journals. He has numerous peer reviewed articles and book chapters related to the cardiovascular field.
