Grant Consulting Services

If you are in need of assistance with finding funding or developing a grant proposal (for any agency), the on-campus [Research Facilitation & Dissemination](#) team provides support for faculty, including help with proposal development, finding funding, editing, and grant project management. **All services are provided at no cost for MSU faculty.**

To schedule an appointment, contact Lauren Aerni-Flessner, Ph.D., MBA, aernifle@msu.edu or Mary Anne Walker mawalker@msu.edu, or call (517) 432-4499.

Grant Consultants on Campus

[Sara Steenrod, Ph.D.](#) (grant consultant with an emphasis in NSF) To schedule a virtual appointment, please email: RGS.vprgseditors@msu.edu.

[Tom Hollon, Ph.D.](#) (grant consultant with an emphasis in NIH) To schedule a virtual appointment, please email: RGS.Hollonappts@msu.edu.

Please see the [Special Consulting Services page](#) for details on services offered and associated fees.

COVID-19 Dashboard

Now live on the Together We Will website, a new university dashboard includes information on the clinical tests performed on campus and known positive cases along with the number of on-campus students in self-quarantine or self-isolation. The dashboard is updated each Monday with the latest information. View the dashboard [here](#).

MSU COVID-19 Research Updates

Read more about the funding opportunities and other research happening on campus [here](#).

NIH COVID-19 Funding Opportunities

The NIH continues to add resources to their [COVID-19 web page](#). Some new items include an updated infographic of the peer review process, application preparation guidance, and COVID-19 specific FOAs.

COVID Safety Reminders for Researchers

MSU research activities will continue under the current COVID safety guidelines as outlined on the MSU [Together We Will website](#). Research safety protocols, including recommendations for work with human subjects, are posted to the [Research Reactivation website](#). Please review these and share with your research groups. The Office of Research and Innovation continues to closely monitor the situation and will communicate any new recommendations.

We want to showcase our department's academic achievements,
